Coursework Report – 5COSC019C Object Oriented Programming

Student Name: Udula Lokita Sinhalage
Student ID: 20220598/ w19988647

Have you submitted the video with the demonstration of your system?

Yes No

If the video has been submitted specify where:
Blackboard
On the cloud (file shared from Google drive, or OneDrive or DropBox, etc), or YouTube. Copy here the link: https://drive.google.com/file/d/1sMVU2NTP9gWv8e7GvmnK0UVLbEVeP366/view?usp=sharing

Phase 1 – Design and class implementation

Task	Did you	Student's comments (To which extent you
	attempt the	implemented the task? Have you encountered any
	task?	problems or issue?)
Design a UML Use Case Diagram of your	Yes No	No issue.
system (submitted in a separate file).		
Design a UML Class Diagram of your	Yes No	
system (submitted in a separate file).		No issue.
-j ().		
Implementation Class Product	⊠ Yes □ No	
implementation class 110ddet	105	
		No issue.
		110 15540.
Implementation Class Electronics	⊠ Yes □ No	
Imprementation Class Electronics	105	No issue.
		110 15540.
Implementation Class Clothing	⊠ Yes □ No	
imprementation chass crothing		No issue.
		110 155401
Implementation Class User	Yes No	No issue.
r		
Implementation Class Shopping Cart	Yes No	No issue.
1 11 5		
Implementation Interface	⊠ Yes □ No	
WestminsterShoppingManager		
		No issue.

Phase 2 – Console menu implementation

Task	Did vou	Student's comments (To which extent you

	attempt the task?	implemented the task? Have you encountered any problems or issue?)		
Add a product in the system with all the relative information (max 50 doctors)	Yes No	problems or issue?)		
relative information (max 50 doctors)		No issue.		
Delete a product from the system by selecting the product ID. Display a message to confirm it has been removed and the total number of products in the system.	⊠ Yes □ No	No issue.		
Print on the screen the list of the products in the system with all the relative information. The list should be ordered alphabetically.	⊠ Yes □ No	No issue.		
Save in a file entered by the user so far. The user should be able to load back the information running a new instance of the application.	Xes No	No issue.		
Phase 3 – GUI Implementation				
Task	Did you attempt the task?	Student's comments (To which extent you implemented the task? Have you encountered any problems or issue?)		
The user can select the category through the drop down menu	Yes No	No issue.		
The GUI is open and a list of products with the information as per specification has been displayed	Yes No	No issue.		
Items with low availability are highlighted in red	Yes No	Didn't implement.		
The user can select a product and all the details are displayed as per specification in the below panel	Yes No	No issue.		
The user can add products to the shopping cart and all the information are displayed in a separate frame	Yes No	No issue.		
The final price is displayed correctly	Yes No	No issue.		
The discounts, if applicable, are displayed as per specification and the final price updated accordingly	☐ Yes ⊠ No			
Phase 4 – Testing and system validation				
Task	Did you attempt the	Student's comments (To which extent you implemented the task? Have you encountered any		

	task?	problems or issue?)
Test plan. (Submitted in a separate file).	Yes No	
		No issue.
Implementation of an automated unit test for each scenario in the console menu.	☐ Yes ⊠ No	Didn't implement.
Error Handling across all the code, input validation and code quality.	⊠ Yes □ No	No issue.
